

Guns vs Doctors

Some Startling Statistics...

Number of physicians in the
U.S.....700,000

Accidental deaths caused by physicians per
year.....120,000

Accidental deaths per
physician.....0.171

Number of gun owners in the
U.S.....80,000,000

Number of accidental gun deaths per year (all age
groups).....1,500

Accidental deaths per gun
owner.....0.0000188

Therefore, doctors are approximately 9,000 times more dangerous than gun
owners.
